

**Agreement for Academic Exchanges, Cooperation and Research
between the CBS
And
the Department of Biological Sciences , University of Qatar**

This agreement or Memorandum Of Understanding “MOU” has been signed on March 2008 between the CBS and the University of Qatar.

It has been followed by a Subcontract for Substantive Programmic Work which has entered into as of May, 7,2008 through a signing ceremony organized during the International Symposium on Biotechnology held between the 4th and 8th of May 2008. We have currently Four (4) joint running projects as direct applications to the above mentioned MOU related to Health, Molecular Biology and Agriculture fields.

Tunisian and Qatari staff implicated in the joint cooperation project
